Opportunity for public representation on agenda item

There was one member of the public present, who commented that they were supportive of the democratic way in which the process was being carried out.

Discussion of possible arrangements for a community consultation on measures to control dogs at The Beacon

C'lr Caroline Haley informed Members that all the absent councillors had expressed their support for the draft questionnaire that she had prepared. It was intended that this should be printed and distributed to all households in the village, with residents being invited to give responses to a series of simple questions, and also provided with the opportunity to provide other comments in their responses.

With the addition of some lines to separate out the individual questions, Members were happy with the questionnaire content. They approved this for printing in black and white. C'lr Caroline Haley offered to arrange printing and indicated that this would be done at no cost to the community council. Circulation by hand was agreed, with distribution being arranged between individual members (proposer C'lr Stu Gray, seconder C'lr Jackie Prest).

The meeting concluded at 7-30pm.
